MISCELLANEOUS

1. Last Thursday, 24 January, I went to see [] C/JOTP, to discuss a proposal which he had to make relative to the briefing of the wives of JOT's. He had cleared the proposal with AC/IS and wanted to check with me as to the feasibility of the plan. 25X1

2. I like the idea and think that we could put on something good that would benefit the JOT Program and the Agency. The time will probably come when there will be a briefing for all Agency wives as their husbands EOD. The JOT Dependents' Briefing might very well serve as an experiment along these lines.

3. My next step is to sound out informally some of the people in the Security Office for their views. 25X1
